**Fire action**

1. In the event of fire it is that first duty of all concerned to prevent injury or loss of life.  
2. For this purpose, you should make certain that you are familiar with all the means of escape in case of fire. Since there may be an opportunity, in the event of a fire, for you to attack it with the nearest fire extinguisher or hose reel, you should also be familiar with how to use them.  
3. IF YOU DISCOVER A FIRE OR one is reported to you, you should:  
**SOUND THE ALARM**  
4. The principal or the authorized deputy is responsible for ensuring that the Fire Brigade is called immediately on the sounding of the fire alarm.  
5. Immediately after the fire alarm has been sounded, you should:  
1. see that any doors immediately surrounding the fire situation are closed, and  
2. escort persons from the area of the incident, in accordance with the detailed fire drill procedure, ensuring that all doors through which you pass are closed after you, and  
3. When the persons arrive at the assembly point, which is call the roll and notify the principal at once of the result (e.g. "all persons present" or "one missing") and the name and likely locations, as the case may be).

8803 F, Z

**Fire action**

**BATTERY CHARGING PRECAUTIONS**  
Prevent Explosions  
Ensure that there is a good circulation of air to disperse any accumulation of gas before starting work.  
Never smoke or use naked flames in the battery charging area.  
Do nothing that may cause a spark:  
Never tighten or loosen connections while cells are on charge or discharge or gassing.  
Keep all connections tight using an insulated spanner.  
Keep other metal objects away from the tops of batteries.  
Avoid injury from Electrolyte  
Wear protective clothing and eye protection.  
If electrolyte splashes-  
thoroughly with water.  
On SICK: rinse liberally with water.  
ON CLOTHING: immediately remove contaminated clothing

**Don't Spill Electrolyte**  
But if you do so accidentally, swirl down the spillage immediately with plenty of water - BUT NEVER DO THIS IN THE VICINITY OF HIGH TENSION ELECTRICAL EQUIPMENT - Report the situation immediately and obtain advice.

8804 F, Z

8805 F, Z

**Emergency Evacuation Instructions**

**General emergency alarm signal:**  
7 short blasts followed by one long blast on the ships whistle and alarm bells.

**On hearing the alarm signal:**  
1. Dress warmly and proceed calmly to your nearest Assembly Station.  
2. If you are in the vicinity of an Assembly Station, stay where you are and await further instructions from a crew member.

**On arrival at a Assembly Station:**  
1. You will be issued with a lifejacket by a crew member.  
2. You will be instructed on how to wear the lifejacket.

**Remember!**  
Remain calm and follow all instructions given by the crew members.

**1. DO NOT use this lifts  
2. DO NOT take personal belongings to your Muster station.**

8841 Z

**EMERGENCY INSTRUCTIONS FOR PASSENGERS**  
Please read and take careful note of the contents of this notice.

**1. GENERAL EMERGENCY ALARM SIGNAL**  
In the event of an emergency the following signal will be sounded on the ship's whistle and on the alarm system:  
Seven or more short blasts followed by one prolonged blast.

**2. ACTION ON HEARING THE GENERAL EMERGENCY ALARM SIGNAL**  
If this signal is sounded and you are not already in an Assembly Station, proceed calmly to the nearest Assembly Station.  
If you are in a cabin when the signal is heard, dress warmly and follow the direction signs to your Assembly Station.

**3. ASSEMBLY STATION**  
An Assembly Station is a space where passengers will be required to assemble in the event of an emergency. Assembly Stations are marked by the sign shown below and with a letter. On this ship the Assembly Stations are located in restaurant, bars and lounges. The direction signs to Assembly Stations consist of the Assembly Station signs and an arrow and pointing in the appropriate direction.

**4. ACTION ON ARRIVAL IN AN ASSEMBLY STATION**  
On arrival in an Assembly Station, (or if you are already located in an Assembly Station) you will be issued with a life jacket by a member of the crew and, as necessary instructed in how it is to be worn. Child lifejackets are available for smaller children. Please see accompanying instructions on methods of donning a lifejacket.

**5. SUBSEQUENT ACTION**  
Remain calm and follow the instructions of the crew members in your Assembly Station.
